VOLUME 6. MARYVILLE, MISSOURI, THURSDAY, JUNE 24, 1915. NO. 18.

## COUNTY MAY GET $3,274 STATE AID

COURT MUST MAKE REQUISITION NEXT MONTH, THOUGH.

## FUND FOR CULVERTS; NONE FOR BRIDGES

**Nodaway County Will Be Partly Reimbursed for Certain Improvements —Not to Exceed 3 Per Cent.**

The state will aid Nodaway county in the construction of culverts but not bridges, according to an opinion handed down by the attorney general of the state and submitted by State Highway Engineer Frank Buffum this week to the local county court. The various townships of the county which have voted special bonds recently for building culverts also are entitled to state aid. The townships thus entitled to aid are Union, Polk, Lincoln and Hughes.

The opinion of the attorney general and of Engineer Buffum also is that no part of the general road fund of the county can be expended for building bridges but can be used for building permanent culverts. The letter to the county court, through County Clerk Fred J. Yeomans, follows:

**Will Be $3,274.40 This Year.**

In order to draw the money apportioned to a county, it is necessary for the county to file a requisition, together with plans and specifications of the road work with the state auditor on or before August 1. That they may be approved by the county court they must be filed here so the court can pass on them at their meeting July 5.

The state gives aid in proportion to the amount apportioned by a county on the assessed real and personal valuations of that county, but at no time is the state to give in excess of 3 per cent of the total apportionment. This would give Nodaway county state aid to the amount of $3,274.40 this year, it is said.

For the information of the county court of your county, and of the parties who are interested in the obtaining of funds from the general state road fund for road improvement under article 5, chapter 121, Sec. 11914 to 11918 inclusive, R. S. Mo. 1909, and also session acts of 1915, in which repealed and re-enacted sections 11915 and 11917 will be found, would state that the question has arisen as to what part of that fund was obtainable in this state, as to whether for the building of culverts and bridges, or culverts only, and for the purpose of acting within the meaning of the law, our department called upon the attorney general for his opinion on this subject.

While the opinion is of some length, it states in part as follows: "The courts have defined 'culverts' as follows:

**What a Culvert Is.**

"A waterway or water passage, whether of wood or stone, squared or arched; a covered drain under a road, designed for the passage of water; an arched drain to carry water under a road from one side to another; an arched drain for the passage of water under a road or canal; an arched passage or drain for water beneath a road, canal or railway."

Further he says: "Our legislature in our road laws has used the words 'culverts' and 'bridges' in their plain, ordinary and usual meaning."

The letter further states: "It is the opinion of this department that under article 5, chapter 121, R. S. Mo. 1909, no part of the general road fund can be used for building permanent culverts." The opinion then further states: "Your holding as to what constitutes a culvert under this article seems to be within the meaning of the word 'culvert' as used by the legislature."

Based on this opinion, it is the ruling of the state highway department, in the applying of state aid from the general road fund, under the sections herein quoted, made by requisitions of county courts, that bridges are not within the meaning of the law. This is evidently what the legislature meant, for the reason that one bridge in a county would absolutely absorb all of the fund and leave nothing to any other part of the county for permanent improvement.

**Allows for Bridge Piers.**

Requisitions will be allowed and approved by our department to apply to culverts only, and will apply to all concrete or stone structures, either square or arched, up to and including spans of 50 feet (waterway opening), and that in making the square or slab top, in place of arched spans, steel beams bedded in concrete carrying concrete floors, will be allowed and classed as a culvert. Corrugated culvert pipe, vitrified sewer pipe, cast-iron culvert pipe, all of same with cement head walls, and quality of material and plan of installation by our department, will be allowed as permanent improvement, and classed as a culvert.

The act further provides, and it should not escape the attention of your court and persons interested, that the law, while it does not allow for bridges, does allow "for the construction of concrete piers or concrete abutments and building approach for steel bridges," and these abutments, approaches and piers would be considered as coming in for the benefit of state aid, and approved and allowed by this department.

In this circular letter we do not go into any other details as to what are considered permanent road improvements, as this letter refers only as regards bridges and culverts, as that is the only question that is being passed upon and decided by us at the present time, based on the opinion of the attorney general.

Yours very truly,
F. W. BUFFUM,
State Highway Commissioner.

### "FISH FRY" POSTPONED.

**Christian Brotherhood Meeting Arranged for Monday Deferred Indefinitely.**

The fish fry and picnic planned by the Brotherhood of the First Christian church for Monday, June 28, has been indefinitely postponed. The deferment is made on account of the high water. A number of the members had planned to go fishing tomorrow to procure the fish for the supper and the date has been called off for the present. As soon as the river condition improves the affair will be held as first announced.

**Off to the Fairs.**

Mr. and Mrs. I. W. Nixon will leave this afternoon for Pacific coast points to visit the fairs and relatives until September 1. They will visit Mr. Nixon's brother and Mrs. Nixon's sister while in California, and will stop off for a visit in Houston and Galveston, Texas, enroute west. They will join their three daughters in Los Angeles, where they went recently.

## LANSING NEW HEAD

ASSISTANT SUCCEEDS BRYAN AS SECRETARY OF STATE.

## WAS ABLE COUNSELOR

**New Premier Is Well Versed on International Law and Is President Wilson's "Right Hand Man."**

Washington, June 24.—Formal announcement of the appointment of Robert Lansing as secretary of state was made at the White House.

The following statement was issued: "Before leaving for a brief rest in New Hampshire the president announced that he had offered the post of secretary of state to Robert Lansing, the present counselor of the department of state, and that Mr. Lansing has accepted the appointment."

Mr. Lansing, who is a son-in-law of former Secretary of State John W. Foster, became counselor of the state department upon the retirement of John Bassett Moore and has been regarded as President Wilson's mainstay on questions of international law in all the difficult negotiations thrust upon the United States by the European war. It was a matter of common remark that he commanded the respect and admiration of the foreign chancelleries here to a marked degree.

Mr. Lansing's home is in Watertown, N. Y., and he is just past fifty years old. Since 1889 he has practiced law, but he began his first diplomatic work in 1892, when he became counsel for the United States in the Bering sea arbitration. Soon afterward he became counsel for the United States Bering sea claims commission, and following that was solicitor for the Alaskan boundary tribunal. In 1909 he was counsel in the north Atlantic coast fisheries case at The Hague.

His last work before becoming counseller for the state department was as agent for the United States in the Anglo-American claims arbitration.

Secretary Lansing's writings on international law have attracted wide attention. One of his principal papers was "Government, Its Origin, Growth and Form In the United States." Since 1902 he has been an associate editor of the American Journal of International Law.

## ELIMINATES SQUARE TURN

**Street Department Makes Round Corner at Edwards and Main Streets —New Sidewalks.**

The elimination of the square corner at Edwards and Main streets, in the south end of Maryville, was made yesterday afternoon by M. I. Woods, street commissioner, so as to make traffic is less dangerous. The turn is being made at the northwest corner. The work will be finished today.

The elimination of the square corners at Dunn street and Fifth avenue also is contemplated, and perhaps will be effected soon. Several street improvements in the east end of town also are being made.

The newly provided sidewalk for South Market street is now being laid by the property owners, while E. C. Moberly has finished laying a new concrete sidewalk in front of his property on Short street, which was recently ordered improved.

**To Visit in Indiana.**

Miss Nora Ellerman of Clyde came to Maryville Monday to meet her sister, Sister Mary Pancretia, and together they left for Peru, Ind., to spend a few days visiting.

**Sells Farm For $200.**

Mrs. J. L. Downer sold a ten-acre tract near Hopkins to A. J. Wiley and another to Alexander & Collins at $200 an acre, according to the Hopkins Journal.

## M. H. PEARSON'S SON DROWNS

**Demented Scion Escaped from State Home—Meets Death in Ohio— To Return Body.**

That the boy, who was drowned June 21, in the Ohio river, near Henderson, Ky., as previously mentioned, was Albert Pearson, the demented son of Mr. and Mrs. M. H. Pearson, 219 West Torrance street, is virtually proved in a letter received by Mayor U. S. Wright here today from the mayor of that city.

If further investigation reveals that the drowned boy is the son of Mr. Pearson, who escaped about ten days ago from the Missouri Colony for Feeble Minded at Marshall, arrangements will be made to bring the body here for burial. Mr. Pearson says the description tallies with that of his son, except that Albert was 20 years old.

The Pearson family consists of Mr. and Mrs. Pearson, five sons—Madison H. Pearson, now sailing from Norfolk to South America on an English vessel; Hobson Pearson, Charles Pearson, Maynard Pearson, Hayden Pearson, all at home, and one daughter, Mrs. D. F. Cameron of Effingham, Kan. The letter to Mayor Wright, in full, follows:

Henderson, Ky., June 22, 1915.—To the Mayor of the City of Maryville, Mo: Dear Sir—Early last week a young man, claiming your city as his home town, appeared in Henderson, seeking employment, and, I regret to say, met his death by drowning in the Ohio river. The body was recovered on the 21st at McDonald's Landing, some eight miles below here, by some little boys who were swimming.

I have not seen the body, and, personally, can give no description of it, except as I have been informed. I am told that the boy appears to be about 19, is rather tall for his age, has black hair, smooth face and very fair skin, also that the back of his head appeared more perpendicular than otherwise. Among other things, he wore a black cap, a checked overall jacket and tan shoes.

He is said to have had a paper of some kind, which bore the card of an institution for feeble minded at Marshall, Mo. He also appeared to have been possessed of a mania for collecting names and addresses, for he is said to have had quite a number of them, from many parts of your state.

Thinking perhaps the unfortunate young man's family or other relatives might desire him removed home, in case he has no immediate family, I have taken it upon myself to address you, feeling that you will do what you can in the unfortunate affair.

Yours respectfully,
M. L. HUTCHEN.

### FEDERALS ARRANGE MORE GAMES

**Play Rapids of St. Joe Here July 4 and 5—Stanberry to Come.**

Cleve Funk, manager of the Federals, announced several more games to be played here within the next few weeks. The next will be with Clarinda at Federal park next Sunday afternoon. They will play the Rapids of St. Joseph, July 4 and 5; Stanberry, July 11, and Bedford, Ia., July 18.

The Rapids, which come here for two games July 4 and 5, have merged with the Athletics of St. Joseph since playing here in the initial game recently. At that time they defeated the Federals 1 to 0. Last Sunday they lost to the Stanberry Red Sox in six innings by a score of 2 to 5.

### THE WEATHER

Showers tonight and Friday; not much change in temperature.

## BOOST TO COUNTY

NODAWAY AND MARYVILLE FACTS GIVEN FOR BOOK.

## IS IN THE FIRST RANK

**Richest Soil and Best Community of Entire Missouri Commercial Club Proves in Article for Review.**

Nodaway county, and especially Maryville, their sources and position in the state of Missouri physically, financially and in progress, is explained in a lengthy article prepared by W. R. Jackson, secretary of the Commercial club, for a new book Cram & Co. of Chicago are compiling on Missouri for publication soon.

In this article Mr. Jackson recites its many advantages and accompanies same with several photographs gathered from over the county. He says:

Maryville, the county seat of Nodaway county, is 46 miles north of St. Joseph and 90 miles southeast of Omaha. It has two railroads, the Burlington, running between St. Joseph and Creston, Ia., and the main line of the Wabash between Omaha and St. Louis.

The population of Maryville, according to a local census taken in 1914, is 6,720; there are four banks with combined deposits of $2,211,891.00, two daily newspapers supplying the latest telegraphic news service, and two weekly newspapers; 12 miles of brick paved streets and more will be constructed during the present year. The public utilities are complete and efficient.

Two telephone systems furnish first class service to approximately 1,300 subscribers. There is a modern privately owned electric light plant which also supplies steam heating service. Maryville is the only city of its size in the state having the latter service.

**Don't Forget the "White Way."**

Practically all of the equipment of the light plant is in duplicate, which insures continuous 24-hour service at all times; the capacity of the plant is 350 kilowatts. Maryville has twelve blocks of "white way" ornamental street lighting system, which is the equal of any in the country. The water supply is furnished by a municipally owned plant. The average daily consumption of water is 300,000 gallons.

Maryville possesses the finest postoffice in this section of the country, same having recently been completed at a cost of $85,000.00; other public buildings include a public library and a hospital conducted by the Sisters of St. Francis.

There are ten churches, practically all the prominent religious denominations being represented. The local lodge of the Benevolent and Protective Order of Elks also possesses a handsome building, which was built a few years ago at a cost of $15,000.00.

The headquarters of the Standard Poland-China Record association is located in Maryville. This association has the only hog pedigree registration system which is complete within itself, no reference to other organization registrations being necessary. The association will expend several thousand dollars this year (1915) in the erection of a handsome new office building.

**Residents Are Property Owners.**

The majority of the homes in Maryville are occupied by their owners, which accounts, in a large measure, for their well kept, pleasing appearance.

Maryville has as fine a school system as any city in the country. This includes a first class high school, a state normal school, two Catholic parochial schools, a modern well equipped business college and a conservatory of music. The average rate of pay for the public school teachers is higher than in any other city in the state outside of St. Louis, Kansas City and St. Joseph.

The value of school property and equipment in Maryville is also greater than in any other town of same size in the state. The state normal school for the fifth district of Missouri, which is located in Maryville, was established here in 1905. The Normal buildings are located on a fine campus consisting of 117 acres of choice land, the highest point on the Wabash railroad between St. Louis and Omaha.

The school offers a four-year college

## STRAYER ADVISES TUTORS

**Normal Lecturer Explains Needs of Teachers in Modern Times— Stress on Memorization.**

Dr. G. D. Strayer of New York, who lectures twice daily this week to the Normal students and the general public, laid stress in his lectures yesterday and today on the adoption of modern ideas in teaching and in memorization. He took as his topic this morning "How Shall We Get Children to Think?"

In his lecture yesterday morning he brought out the point of changed ideals, or the contrast of the old ideals of the teacher and the new ideals. In discussing memorization, he said:

"Memorization, if rightly done, is the step between automatic response and real thinking. There is a tendency to make memorization mechanical and thus defeat its purpose, however. If rightly done, memorizing involves much thinking and necessitates the making of any associations. Never ask children to memorize anything unless the form as well as the content be worthy."

He brought out the fact that social problems are usually settled by convention, tradition, or superstition. Such statements as "Women should not vote," "Foreigners should not be admitted," or "Corporal punishment should be abolished" are, when used by most people, not the result of thinking but accepting the views of some one else, he said.

In discussing the change in teaching methods, he said:

"The old required the teacher to know the tools of schoolroom education, and to familiarize his pupils with them. These tools were the subjects taught, and were considered to be all-important. The changed ideals require the teacher to know not only the tools but the tools in their relation to actual life.

"The old ideals wholly disregarded physical conditions. The new ideals require the detection of physical deficiencies and the promotion of physical efficiency.

"The old ideals disregarded moral development in the boys and girls. The new ideals require this moral development, not by talk-teaching, but by all the activities of the school, by thinking for one's self, by meeting and solving the problems that come, and by every-day doing.

"The old ideals took no thought of the activities of after-school life, that is of the vocational life of the pupil. The new ideals require not only preparation for the extra-school activities, but in and for the social life immediate to the pupils, and for the larger social life of the whole people. The new ideals require the teacher to know the community immediate to the child in order to know the child; for the moral code of the community is reflected in the life of the child.

## TO ATTEND DISTRICT MEET

**Delegates Will Leave Tomorrow for "Silver Anniversary" Meet of District Christian Endeavor Union.**

Miss Mattie Dykes, Miss Olivette Godsey, Ray McPherron, John McDougal, Miss Bessie Curnutt and H. J. Becker will leave tomorrow morning for Cameron to attend the twenty-fifth annual convention of the second district of the Missouri Christian Endeavor Union, which is to be held there tomorrow, Saturday and Sunday.

A number of delegates from other Unions in Nodaway county expect to attend the meeting. Among those from this county participating in the program will be H. J. Becker of Maryville and Miss Vera Cunningham of Skidmore and Miss Lydia Bollinger of Burlington Junction.

The meeting is the silver anniversary of the district organization, and preparations are made for one of the greatest conventions ever held of the Union.

The nine-act photoplay of Hall Caine's book, "The Eternal City," was shown at the Fern theater last night to a large crowd.

## FLAWS IN PAVING ACTS; BIDDER OUT

CITY COUNCIL MUST BEGIN AGAIN ON IMPROVEMENTS.

## MEET SOON TO ADOPT MORE EXPLICIT DRAFTS

**Officials to Frame New Resolutions— Didn't Tell Enough, Opinion—For New Sidewalk on Fifth.**

The proposed paving of nineteen blocks on six streets of Maryville this summer got a sudden and decided setback last night, and the matter is now again up to the property owners to accept or reject.

On account of legal flaws in the resolutions and ordinances passed recently by the city council for paving several streets of the city, Young Brothers Construction company of St. Joseph, successful bidders, last night announced its rejection of the work, unless these could be "ironed" out and proceedings established that would not endanger the collection of paving taxes.

Following this announcement by G. R. Ellison, attorney for Young Brothers, City Attorney W. H. Crawford advised the councilmen that rather than hazard the matter further, it would be advisable to go back to the starting point and begin all over again. "It would be folly under such circumstances to force the issue," said Attorney Crawford.

**At Starting Point Again.**

Councilman Raines then moved and Peery seconded the motion to return the $1,900 guarantee check to the bidders. It carried.

Peery then made a motion that the city attorney should be authorized to take such steps to draft new paving resolutions that would eliminate present flaws and make them according to the statutes. The council then adjourned until next Tuesday night, June 29, when it is expected the new resolutions will be prepared. The councilmen then intend to adopt the new resolutions and to rush the work forward as much as possible.

A resolution was adopted by the council last night following filing of petition, and an ordinance passed to lay new sidewalks for three and one-fourth blocks on the north side of East Fifth street from Market to Prairie and between Saunders and Davis. The petition for the improvement was signed by seventeen persons.

**Not Explicit Enough.**

This improvement, when completed, will make a continuous sidewalk on Fifth street from Waters to Main street.

Attorney Ellison, speaking for Mr. Young, said that firm would be glad to submit a bid when the matter is again advertised, if the present legal flaws are eliminated.

While he explained there were several minor technicalities in the way, the principal ones were that the resolutions failed to describe the contemplated improvement sufficiently, and that the grade ordinances did not properly and explicitly "fix" or establish the grades or boundaries.

**Didn't Establish Curbs.**

The reasons assigned by attorneys for Young Brothers Construction Company which led them to take the position in the council session last night that the city paving proceedings were invalid on all the streets, were that the paving resolution on each street attempted to describe the grade on which the paving should be placed by referring to grade ordinance No. 642.

On examination it was found that this ordinance attempted to establish the grades on the various streets by stating that the grade at a certain "curb" should be so many feet above the city datum plane. But the ordinance did not locate the place in the

# BOOST TO COUNTY

(Continued from page 1.)

course ending in the degree of B. S. of Education. A highly efficient faculty, modern fireproof building and ample up-to-date equipment extend to the prospective student a thorough, comprehensive mental and physical training.

**Some Factories It Has.**

Among the leading enterprises are: Garment factory employing about 60 people, 3 cigar factories, 2 acetylene light generator factories, 2 lightning rod factories, a hog cholera serum laboratory, an artificial ice and cold storage plant, 2 harness factories and a halter factory, cement block factory and an iron foundry. There is one wholesale grocery house.

Maryville has a wideawake Commercial club employing a salaried secretary, which takes an active part in the welfare and development of the city and tributary territory. The organization has a splendid record of worthy accomplishments and is recognized as a dominant factor in the activities of the community.

Nodaway county ranks first among the counties of the state in the production of hogs, cattle and oats and first in the total number of rural schools, and a number of approved rural schools.

The county ranks second in the production of corn, horses, tame hay and forage, fourth in number of automobiles, with a total number of 1,149 in 1914, and sixth in total taxable wealth. More corn is raised in Nodaway county than in all the New England states. In a contest among the boys of the state last year (1914) for the best acre yield of corn a Nodaway county boy won first prize with a total of 109 bushels to the acre.

**Has Fine Bred Live Stock.**

The country surrounding Maryville is undulating prairie land, the soil is a rich black loam with a clay subsoil. The current prices of land range from $80 to $200, the average price for good farms being $125 per acre.

Nodaway county is an important center for the raising of fine live stock, some of the most prominent herds of Shorthorn, Aberdeen-Angus, Hereford and Jersey cattle in the country being located here, as are also some of the finest draft horses.

Some of the best herds of Poland-China, Duroc-Jersey and Hampshire hogs may also be found in the country surrounding Maryville.

**A Good Place to Locate In.**

To the man seeking a desirable industrial location, Maryville, with excellent railroad facilities and factory sites, proximity to ready markets and ideal labor conditions, offers a splendid opportunity.

To the man searching for a profitable investment, or the farmer who desires to engage in agricultural pursuits amidst pleasant surroundings and with every assurance of success, Nodaway county presents an unrivalled opening.

To the student desiring a liberal scholastic or collegiate training the schools of Maryville extend every advantage.

To the individual looking simply for a desirable place of residence, Maryville, as "The City of Homes," by which name it is familiarly known, with all the conveniences of the large metropolitan center and none of the discomforts, with an abundance of radiant sunshine and pure invigorating air and a climate that is not "too hot" in summer nor "too cold" in winter, and a people cultured and refined, and renowned for an abundance of genuine old-fashioned Missouri hospitality, makes the nearest approach to the ideal.

# FLAWS IN PAVING ACTS

(Continued from page 1.-

street where these curbs were and also failed to tell what the grade of the street should be between the points where grades were given.

It was also contended by Young Brothers' attorney that a mere reference to the grade ordinance was not a sufficient means of describing the work of bringing the street to established grade but that the resolution should also refer to some profile from which the property owners could learn how much of a cut or fill would be made in front of their properties.

**Cited Local Cox Case.**

City Attorney Crawford stated to the council that in his judgment the objection to the indefiniteness of the grade ordinance possibly was good, but on authority of the John B. Cox paving case, which went up from Maryville and was decided by the Kansas City Court of Appeals last July, he thought a description of the work of bringing the street to grade by simply referring to the grade ordinance without also referring to a profile was probably legal.

This question, however, turned on the construction to be placed on the opinion in the Cox case and as the construction of the paving would involve an expenditure of about $35,000, and as all questions concerning the validity of the proceedings could be eliminated by correcting the alleged errors, it was decided by the council and the contractors, by and with the advice of the city attorney, to cancel the present contract and that the city council would make such changes in the proceedings as would eliminate any possible question of illegality.

**May Mean a Lower Bid.**

It was the desire of both the contractors and the council that the paving be done under the proposals filed by the contractors last week but all parties agreed that it would be better and wiser to get the proceedings in shape where there could not be even an appearance of illegality.

This will probably be of benefit to the property owners after all, because now that the proceedings have undergone a test and are to be corrected in any respects where errors are claimed it is very probable that more bids will be received when the work is advertised again and that the contract can be awarded at a lower price.

**DOES MAKER NEED LICENSE?**

**Legal Point Up Over Peddling by Inventor and Mannfacturer of Ware.**

A legal point has been put up to the city by a would-be peddler. It hinges around the question as to whether one who invents and makes his own wares, need have a peddler's license. The present city ordinance does, in a way, say he need not, and again says he shall. So, there you are.

The point was raised most recently when a man drifted into town this week with a little "do-dad" that is a cross between a puzzle and fantastic time killer, who claims to have invented and made them himself. He opined that he did not need a license and said he had peddled in many large cities without such.

The city held he could not peddle without a license nevertheless. Arthur S. Robey, former mayor of Maryville, during whose administration the express ordinance was amended, is under the belief that one who makes his own wares should be exempted no matter what they may be.

City Attorney W. H. Crawford cites an opinion from the Kansas City Court of Appeals however, which contradicts that belief and indicates that a manufacturer who also is a peddler shall have a license as though he did not make them.

The peddler who has raised the point, has not applied for a license yet.

# SOCIETY AND CLUBLAND

KATE SCHENCK

Phones—Office 42 Home 682

**Dinner Party.**

Mr. and Mrs. M. M. Ellerman, living near Clyde, gave a dinner Sunday evening at which they entertained Mr. and Mrs. Matt Coppen and daughter, Bernice; Miss Nora Ellerman and Earl Kelley.

**Lodges Enjoy Evening.**

The members of the Woodmen Circle planned a surprise Monday evening for the Woodmen of the World by coming to their lodge room after the usual meeting and joining in a social evening and supper.

**Gives Dinner Party.**

Mrs. Florence Staples gave a dinner last night complimentary to Miss Lillian Lindholm, of Ottawa, Ill., who is visiting in the city. Additional guests were Miss Margaret Lee Winston and Miss Lucile Airy.

**Craig Dinner Party.**

Mrs. Gallatin Craig entertained with a dinner party at noon today when her guests were Mrs. W. T. Garrett, Mr. and Mrs. O. L. Holmes and family, Mr. and Mrs. Lieber Holmes and Miss Jennie Garrett.

**For Visiting Friends.**

Mr. and Mrs. John Airy were the hosts of a dinner party given today at their home on West Thompson street complimentary to Mrs. Melissa Roberts of Savannah and Miss Lillian Lindholm of Ottawa, Ill. Mrs. Roberts is a house guest at the home of Mr. and Mrs. Lemuel Gault of West Second street.

**Son at Ladd Home.**

Mr. and Mrs. Walter Ladd of St. Joseph are the parents of a son born Wednesday morning. Mr. Ladd is city editor of the St. Joseph Gazette. Both Mr. and Mrs. Ladd are very well known in this city, where they frequently visit at the home of Mrs. Ladd's sister, Mrs. Arthur Allen Brewer and Mr. Brewer.

**Mrs. Willard Entertains.**

Mrs. S. A. Willard was the hostess of a dinner given at twelve o'clock Wednesday noon at the Willard home on South Fillmore street. Plates were laid for Miss Lillian Lindholm of Ottawa, Ill., Miss Margaret Lee Winston, Miss Elizabeth Ashord, Miss Lucile Airy, Miss Leona Willard and the hostess.

**Newly Weds at Home.**

Mr. and Mrs. Thomas O'Brien, whose marriage took place Tuesday morning in this city, left this morning for Mr. O'Brien's farm, near Conception, where they will be at home. Since their marriage Mr. and Mrs. O'Brien have been visiting with her mother, Mrs. Ellen McCaffrey of East Jenkins street and at St. Joseph with relatives.

**Celebrates Fourth Birthday.**

Mrs. J. D. Bolin of 802 East First street, gave a juvenile party from 3 till 5 o'clock this afternoon, entertaining in honor of the fourth birthday anniversary of her daughter, Mildred. The hours were spent with childhood games and ices and candies served. The guests were Virginia Wachtel, Helen Morton, Frank and Edward Tindall, Miss Nellie Trullinger and Miss Nannie Keenan.

**Farewell Gathering for Mrs. Robinson.**

As a farewell courtesy to Mrs. Fred P. Robinson, who is leaving soon for a two month's visit in southern California, the choir of the First Christian church arranged a social gathering and supper last night, which was held in the church parlors at the conclusion of the mid-week prayer meeting. The evening was entirely informal. A musical program presented by Mrs. Harry Todd, Mrs. F. P. Robinson and Prof. H. B. Schuler, was a feature of the entertainment. Ices and cakes were then served. The gathering was planned in surprise to Mrs. Robinson and she was further complimented by the gift of a handsome seal leather lap writing desk given by the friends present. The crowd included the choir members and a large number of other friends.

**In Honor of Lincoln Guests.**

In honor of Mrs. Worley Funk and children of Lincoln, Nebr., who are visiting relatives in the city, Mr. and Mrs. Cleve J. Funk, gave a dinner at noon today entertaining Mrs. Funk and children, Mr. and Mrs. John Awalt and family, Mr. and Mrs. E. T. Funk and Mr. and Mrs. Henry Stapler. The entire party, including Mr. and Mrs. Cleve Funk, were guests of a dinner given yesterday noon by Mr. and Mrs. John Awalt. The visitors will remain several weeks with the Maryville relatives.

**Class to Picnic.**

The Loyal Daughters class of the First Christian church will give a picnic supper at Normal park tonight. They will assemble at the church at 5 o'clock and go from there to the park, where supper will be spread. The arrangements are in charge of Miss Vella Booth, Miss Edith Holt and Miss Margaret Chilton. Including the invited guests, the party will number about thirty-five persons.

## D. R. Eversole and Son

### House Damaged by Fire.

The frame dwelling occupied by Earl Reynolds, Charles and Thompson streets, and owned by Albert Helard, was damaged to the extent of $125 by fire late Tuesday afternoon. Flames from a kerosene stove are believed to have fired the house.

### Takes Hughes Bonds to Auditor.

County Clerk Fred J. Yeomans, returned last night from Jefferson City where he went Monday to take the bonds for the $30,000 in special bridge improvements in Hughes township. The money will be available July 1, if the bonds are approved by the state auditor.

### Three Cars Enroute to Coast.

Three large touring cars which were started from Chicago a few days ago, were driven through Maryville at 6 o'clock last night, enroute to the Pacific coast. Each was filled with men, women and even small children. All were well equipped for accidents and auto troubles.

Misses Harriett and Winona Howard of Lucerne, Mo., arrived in Maryville today to visit Mr. and Mrs. Edward Holmes, 226 East Seventh street. The visitors are sisters of Mrs. Holmes and after a two weeks visit here they will go to Kansas City to visit another sister, Mrs. T. M. Thorp.

### ACTION OF SINGLE SPOONFUL SURPRISES MANY.

Maryville people who bought the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka, are surprised at the instant effect of a single spoonful. This remedy is so complete a bowel cleanser that it is used successfully in appendicitis. Adler-i-ka acts on both upper and lower bowel and one spoonful relieves almost any case of constipation, sour or gassy stomach. One minute after you take it the gasses rumble and pass out. The Koch Pharmacy.

## Deafness

**Are You Deaf or Hard of Hearing?**

Now is the ideal time to treat deafness. Ninety per cent of all deafness is caused by catarrh. Dr. Edwards of St. Louis has discovered and perfected an operation for catarrhal deafness which is remarkable for its many cures. There is no cutting and it is painless. I am now using this operation in Maryville with remarkable success. Every patient treated by me has been cured or greatly benefited.

### COMFORTING WORDS.

**Many a Maryville Household Will Find Them So.**

To have the pains and aches of a bad back removed—to be entirely free from annoying, dangerous urinary disorders, is enough to make any kidney sufferer grateful. The following advice of one who has suffered will prove comforting words to hundreds of Maryville readers.

Mrs. J. R. Kissinger, 707 East Second street, Maryville, says: "I had pains through my hips and was tired and weak. I couldn't rest well. After using a few boxes of Doan's Kidney Pills, I felt better and gradually my health improved until I was in good shape."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Kissinger had. Foster-Milburn Co., Props, Buffalo, N. Y.

### NOW WORKING ON VAULT.

**Build Safe for Poland-China Home This Week of Cement and Steel.**

Workmen building the new building on East Fifth street for the Standard Poland-China Record Association, are working on the construction of the big vault this week. The outer part is to be of cement. It is to be lined with steel.

### Guests at Bantz Home.

Miss Chloe Crough of Humphrey, Mo., and Miss Alice Dye of Trenton arrived in Maryville this morning to spend several days visiting Mr. and Mrs. Bert Null and Mrs. John Bantz at the Bantz home, on South Buchanan street.

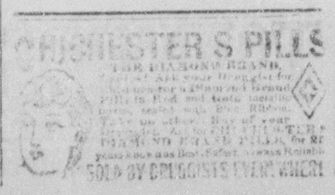
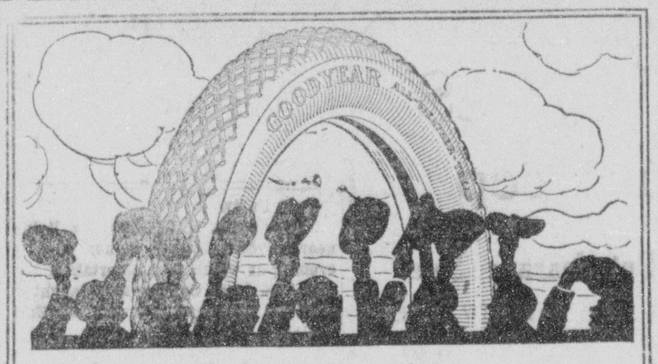
## The Moving-Picture Route to California Expositions

You don't get half the joy of a trip to the Pacific Coast if you take a route that brings you through Colorado's scenic marvels at night, or dodges them altogether. It's a rare privilege to visit Colorado—to view its rugged grandeur, its almost bottomless canyons. It's a travel-mistake to overlook such scenery as this. You need not. The Burlington has planned your scenic pleasure for you. Its Grand Circle Tour to the Pacific Coast is so arranged that you are wide awake when you go through Denver, Rocky Mountain National Park—Estes Park, Colorado Springs, the Pikes Peak Region, Royal Gorge and Salt Lake; then Los Angeles, both expositions; two days on the ocean (meals and berth included to Burlington passengers) San Francisco to Portland; then you visit Tacoma, Seattle, Spokane; and come back via either Glacier National Park or Yellowstone Park. Positively, no other tour in the world like this—so filled with pleasurable excitement—and satisfaction.

Tickets on sale daily. Let us talk this trip over with you—make suggestions based on your desires. We can plan to meet your perfect satisfaction—will supply you with beautiful, complete descriptive literature, maps, etc. If you are going to the Pacific Coast this year you simply cannot afford to overlook the special advantages offered by Burlington Tours. Let us tell you all about them, and arrange reservation for you. Please call today or write or phone.

W. E. GOFORTH
Ticket Agent.





## Goodyear Fortified Tires
## Cost Users $5,000,000 Less

Our last price reduction—made February 1st—will save Goodyear users about five million dollars this year. And that was our third reduction in two years, totaling 45 per cent.

**Yet Note This**

Yet Goodyear Fortified Tires embody many extras. Five are costly features found in no other tire. The rest are found in few.

If we omitted those extras, we could save on this year's probable output $1,635,000. We could add that to our profits, yet Goodyear tires would look as good as now.

This year's improvements alone will cost us $500,000 this year. All to give you extra wear. And we shall spend $100,000 on research this year to find more improvements still.

**They Are Yours**

These extras belong to you. They mean less rim-cuts, less blowouts, less loose treads. They mean more rubber, more fabric, more mileage, less trouble. Most tire users know that, so Goodyear tires far outsell any other.

Prove it yourself this summer. It will bring you tire contentment.

Any dealer, if you ask him, will supply you Goodyear tires. Men are now adopting Goodyear tires faster than we can supply them. We have never seen anything like it.

## NEWS OF SOCIETY AND WOMEN'S CLUBS

### Observe Wedding Anniversaries.

To observe the wedding anniversaries of the Rev. and Mrs. Robert Lyle Finch, and Mr. and Mrs. Harry Todd, which fell on Monday, June 21, the Twentieth Century class of the First Christian church, gave an indoor picnic in the church parlors Monday evening. The day celebrated the tenth anniversary for the Todds and the eighth one for Mr. and Mrs. Finch. About thirty-five were present at the merrymaking Monday night. The class is taught by Mr. Finch.

### Wedding at Shenandoah.

Miss Ethel Hovenden and Mr. Ernest M. Peet of Shenandoah, Ia., were married at 6 o'clock Monday evening at the home of the bride's parents, Mr. and Mrs. William Hovenden, the Rev. D. C. Mackintosh reading the marriage service. After a honeymoon trip to Des Moines and Clear Lake, Ia., Mr. and Mrs. Peet will be at home at Shenandoah. The bride is very well known in Maryville, where she has frequently visited at the home of her aunt, Mrs. Rodney Hamblen. She also attended the State Normal school here for several terms

### Holds Family Reunion.

A family reunion was held Sunday at the home of Mr. and Mrs. Thomas Walton of Quitman, n honor of Mrs. Walton's niece, Miss Alice Tapp of Chicago, who is visiting at their home. Those present were Mr. and Mrs. Thomas Walton, Mr. and Mrs. Alfred Walton and daughter, Lois; Mr. and Mrs. Jerome Cross and daughter, Mary, and son, Wilson Kendell, of Skidmore; Miss Laura Walton of Maryville, Miss Frances Walton, Charles E. Walton and Miss Ada Walton. Rev. Thomas Walton of Nashua, Ia., who was expected to attend, was unable to be present.
